1. Identification / recognition

Lettering on rear

Lettering on dash panel

2. Immobilisation / stabilisation / lifting

Immobilising the vehicle

- 1 Press the "P" button in the right steering column switch
- 2 Operate the electronic parking brake in the centre console
- 3 Secure the vehicle to prevent it from rolling away

Lifting points

Appropriate lifting points

3. Disable direct hazards / safety regulations

Switching off the ignition

Press the "Start-Engine-Stop" button in the centre console without operating the foot brake.

Remove vehicle key, key card and/or smart-phone app so that they are more than 5 m away from the vehicle if possible.

Disconnecting 12-volt vehicle battery

In the engine compartment
Disconnect the negative battery terminal

The 12-volt electrical system is used for functions such as unlocking and opening electrically operated doors and flaps, and for electric seat adjustment.

After disconnecting the 12-volt vehicle electrical system voltage, the airbags are deactivated. Unignited airbags can be triggered by heat in the event of a fire!

Volkswagen Tayron

SUV, from 2024

Disconnecting 48-volt vehicle battery

In the event of an accident in which the airbag is triggered, the 48-volt vehicle electrical system is automatically deactivated immediately after airbag triggering is detected.

For all other cases, the 48-volt vehicle electrical system can be deactivated as follows:

- 1 Move the right seat all the way back.
- 2 Remove the battery cover in the footwell on the right side of the vehicle.
- 3 Disconnect the control cable and purple battery cables.

4. Access to the occupants

Glass types:

- 1 Laminated glass
- 2 Tempered glass
- 3 Laminated glass optional

5. Stored energy / liquids / gases / solids

Diesel or petrol max. 58 l

48 V
Lithium-ion

12 V

6. In case of fire

Lithium-ion batteries can self-ignite or re-ignite after fire-fighting measures!
Wear appropriate personal protective equipment!

7. In case of submersion

After recovery, allow the water to drain and disconnect the battery/batteries (see section 3). Wear appropriate personal protective equipment!

Volkswagen Tayron
